🔗 Portfolio

Profile

A creative Frontend Web Developer with a strong focus on transforming ideas into interactive and visually engaging digital experiences. Over the past year, I've built and maintained modern web applications, developing a solid foundation in clean code practices. During my internship (July–September 2025), I collaborated with a development team to design and optimize user interfaces for better performance and usability. Recognized as a quick learner, problem solver, and team player who values clear communication and collaboration.

Projects

Hospital Management System (Admin) [🔗](#)

- A complete React Hospital Admin Dashboard built entirely on the frontend. Manages patients, doctors, appointments, and departments.
- Includes a login system, dashboard analytics, and modern UI components.
- Built using React.js, Redux Toolkit, React Router, and Tailwind CSS.

eCommerce website [🔗](#)

- Developed a responsive eCommerce website using HTML, CSS, and JavaScript, featuring product listings, shopping cart with localStorage and a clean layout.
- Focused on creating a visually appealing design and smooth user experience with attention to usability across all devices.

eLearning Platform [🔗](#)

- Built a modern multi-page eLearning platform using HTML5, CSS3 and JavaScript.
- Implemented responsive layouts and interactive content to enhance usability and engagement.

Professional Experience

Digital Empowerment Network

Web Developer Intern

07/2025 – 09/2025 | Remote

- Helped users by providing quick and reliable tech support to keep them satisfied and engaged.
- Worked closely with other developers to update the website and create new, user-friendly features.
